

JMP16 Windows Installation Guide

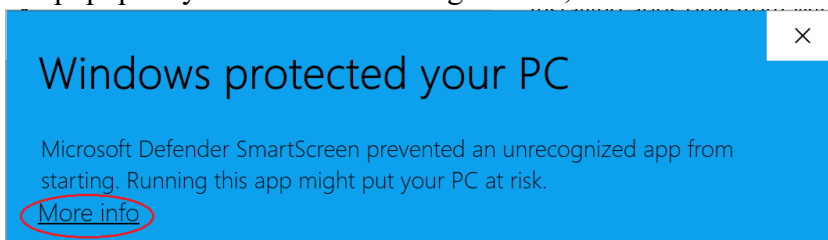

1. Click [This link](#) to go to the download page: [JMP 16 Windows Installer](#)
2. Right click each of the files and click download. You will need at least [JMP16.1 Pro wPER 2021-2022.exe](#) and [jmp.per](#) to get you started. If you would like to update to 16.1 you can come back and install the update later.

Documents > General > Software > ISU Software (Common) > JMP > Windows > JMP 16

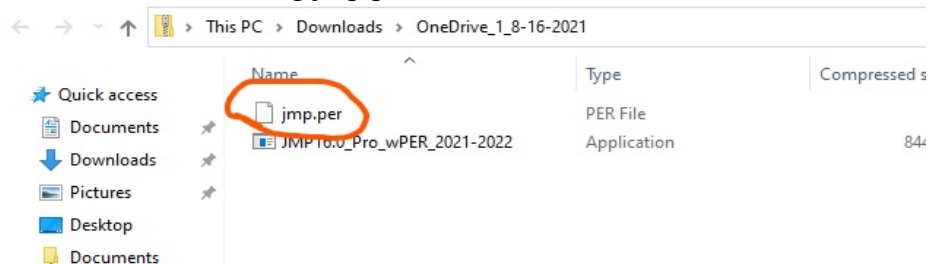

Name	Modified	Modified By	File Size
jmp.per	June 22	Role itshermanh [ITSYS]	290 bytes
JMP16.0_Pro_wPER_2021-2022.exe	June 22	Role itshermanh [ITSYS]	824 MB
JMP16.1_Pro_wPER_2021-20...	3 days ago	Role itshermanh [ITSYS]	1.31 GB
jmpupdater_1610_win_pro.exe	3 days ago	Role itshermanh [ITSYS]	534 MB

3. Run the newly downloaded [JMP16.1_Pro_wPER_2021-2022.exe](#)
- A popup may occur as in the image below, if so click More Info then click run

4. Run through the installer, then at the end click finish
5. (Optional) Open the updater folder and like before run [jmpupdater_16XX_win_pro.exe](#) (Use the latest updater)
6. Run JMP 16, it will ask you to register: click Wait to Register
7. If JMP asks for a license you can selected it by navigating to the JMP 16 folder in your downloads and selecting [jmp.per](#)

Please contact stat-tech@iastate.edu if you have any problems or questions with installing jmp. Be sure to include screen shots of your issue as this will help us determine a solution faster.

JMP16 Windows Installation Guide

8. Congrats! JMP 16 is now successfully installed on your computer
