

# JMP16 Windows Installation Guide

1. Click [This link](#) to go to the download page and login with your Iowa State Email: [JMP 16 Windows Installer](#)

3. Run the newly downloaded JMP16.1\_Pro\_wPER\_2021-2022.exe
  - a. Your browser may attempt to block JMP from running once the installation is finished. Depending on the browser you will need to select the keep and/or run anyways option.

5. Run through the installer. When prompted, make sure the “Excel Add-In” is selected and not “SAS software integration”. When it is finished installing select “Create desktop shortcut”.
6. Run JMP 16, it will ask you to register: click Wait to Register If it asks for an administrator name just click continue.

Please contact [stat-tech@iastate.edu](mailto:stat-tech@iastate.edu) if you have any problems or questions with installing jmp. Be sure to include screen shots of your issue as this will help us determine a solution faster.

# JMP16 Windows Installation Guide

7. Congrats! JMP 16 is now successfully installed on your computer. Once you have downloaded the appropriate .jmp files for your homework, click file > open at the top of the JMP taskbar.
